

The near-future is almost upon us...

Abraham fought his enemies even when he was old.

So did the other patriarchs.

They fought with great conviction because they obeyed the Lord and He blessed them with victory.

Caleb was given the inheritance of Hebron and its mountain range, by God, for fully following Jehovah.

When we studied 2 Kings I was made deeply aware of the loss of both Israel and Judah, the cause of which was their own sin and refusal to get rid of evil ones in their midst. Instead, they adopted the evils God hates, thus rejecting His rule and will. I see this in our own day.

Solomon inherited his father's kingdom and began as a great and wise king. But he adopted the ways of his pagan wives and lost both his wisdom and godly rule. And so God, eventually ended the rules of both Israel and Judah. They made His kingdoms a mockery and a place of evil.

In the days of Joshua war was fought hand-to-hand. They didn't have the luxury of distant missile launches and technological warfare. Yet, when Israel obeyed God and were faithful, they were handed victory after victory. It is recorded that while the people fought hand to hand, it was God Who gave the victory, every time.

Today, this victory is missing, because our obedience is missing.

We fight for our 'rights' and more wages. We save our incomes for a selfish future.

But, we don't fight for the Lord's Name and honour, and we don't save for our eternal heavenly abode.

We see no victory over our enemies. Instead, we invite them in and revel in a very civilized rapport with them. Governments cannot, or will not, see the violence they are storing up for us all. And so the enemy keeps filling up our land, more than ready to destroy us. This is because the present outrageous infection of our land with false gods is a clash of civilizations... a former Christian civilization bowing the knee to a wicked false-god medieval, destructive, murderous, barbarous 'civilization' unworthy of the name. But, the government keeps them coming, and even protects them.

The studies in 2 Kings and Joshua affects me deeply, because I can see the writing on the wall.

We once were mighty, but with the loss of our Christian heritage came the invasion of screaming hordes, who promise to take our land apart and impose their wicked idolatry on everyone. And we must accept our fate or die. We will soon see the time predicted by Enoch Powell, when blood will run like rivers in our streets. This is not nationalistic politics – it is real.

This time WILL come, very soon. Violence WILL erupt on a widespread scale. God warned Israel and Judah but they did not listen. So they lost their land and blessing.

The same thing is happening all over again, and we have not learned from history. We fought to the death to rid the world of German Nazi evil. Now we fight to invite fascism in through the

front door of the nation. We no longer care, so long as we have our beloved TVs, cars, homes and incomes. So, as the old billboards used to say, "The end is nigh".

Believe this or not, but it is coming, and when it starts the end of us will be swift.

The only answer is if God intervenes, ridding us of the evil regime that will soon batter down our doors, destroy our churches, and run government after the fashion of truly godless pagans.

It is coming, friends. Will you pray to the Lord for forgiveness and for guidance? Will you stand up and be counted? Will you tell government and police that they have brought us ruin and a godless future? Will you pray imprecatory prayers to rid us of evil leaders and pagan false gods?

Few spoke up about homosexual wickedness. So now we are dictated to by it.

Few speak up about the Islamic wickedness or pray against it. So it will soon drown us.

"In the same hour came forth fingers of a man's hand, and wrote over against the candlestick upon the plaister of the wall of the king's palace: and the king saw the part of the hand that wrote." (Daniel 5:5)

Daniel interpreted for the king reminding him first of a past judgement for the pride of Nebuchadnezzar:

"But when his heart was lifted up, and his mind hardened in pride, he was deposed from his kingly throne, and they took his glory from him:"

And so the godless Nebuchadnezzar was put on all fours to live like an animal.

His son followed in the same fashion and Daniel warned him. He interpreted the writing on the wall:

“And this is the writing that was written, MENE, MENE, TEKEL, UPHARSIN.”

This is the interpretation of the thing:

MENE; God hath numbered thy kingdom, and finished it.

TEKEL; Thou art weighed in the balances, and art found wanting.

PERES; Thy kingdom is divided, and given to the Medes and Persians.”

The very same night, king Belshazzar was slain and the Medes took the country.

If you can't see the similarity to today, then I fear for your souls and our very lives.

We will see our own ends unless we repent and obey the Lord, pray for deliverance and disobey human laws that bring us to our knees to worship Islam. Where are your imprecatory prayers???

The writing is on the wall – can you see it?
