In a recent article by [Stuart Keohl \(July 16, 2010\)](#) he argues for the separation of the church from the state with respect to marriage in order to reconcile the oxymoron concept of a 'gay marriage'. However, his article side steps the core issue that homosexuality is sin, an abomination hated by God, and 'gays' aren't really interested in equality. They only battle for equality so that once they have it, they can then push for all-out freedom from all moral and sexual restraints. This is why gays must be stopped at stage one!
