

Labour Leaders Scorn Democracy and BREXIT Referendum

Labour leaders are now coming out with what we have been waiting for – a second referendum, or a similar action through the next General Election!! ([Express, 24 August 2016](#))

Their idea is to wait to see what Theresa May can get as a settlement, and to present it to the people.

Then, if they don't like what they see, they can vote again!!!! Ireland all over again!

The EU did it before and no doubt they are behind this latest ignoring of a legal vote to leave the EU.

I don't care what settlement Theresa May gets – it is not beyond reason to suggest that if she wants to remain in the EU, she will 'negotiate' in such a way as to produce a negative impact.

WE voted to get out. Now she must work hard to make it happen, as fast as possible and NOT in accordance with EU manipulation and demands.

WHAT'S WRONG WITH HER? WHAT'S WRONG WITH THE PEOPLE?

Labour politicians want to stay in because they are in league with the socialism of the EU, a socialism that brings disaster, because disaster is the key activity of socialism!! It also connects with Islam, which is also socialist and totalitarian. Can't voters see what is happening?

GET US OUT NOW!!

BREXIT - Ireland all over again!
