"The EU is set to tightly restrict its freedom-of-information rules just seven years after they were introduced, says an alliance of some 180 human rights organisations, transparency pressure groups and journalist unions, which have called on the European Parliament to apply the brakes to proposed legislation." [\(Euroobserver, 2 February 2011\)](#)

Like Obama, the EU wants to restrict access to data and information. This is typical socialist activity to hide the truth.
