The Beacon

The Beacon is a monthly newsletter with news and views, sent out by email or by post, to subscribers.

Sunday Studies

These are sent out by email-only every Sunday to those who subscribe to the Sunday list. Each study looks at a Bible book with consecutive chapters, basing interpretation on Hebrew and Greek wordage, but presented in ordinary language. There are no denominational or other partisan approaches used in these studies... they only teach what scripture (God) says.

New Articles List

Subscribers to this list receive all new articles 'hot off the press' by email (not by mail). This is because we are still transferring material from our old archive site (www.christiandocctrine.net) and so new articles can take months to appear on the new website.

General News

Links sent out daily for news and views items. Can be several items a day.

GENERAL NOTE:

We have other publications that do not appear in this publications' list.

There are also books (available either from Lulu or Amazon & bookshops). For list of these send an email or letter with request, or go to <http://lulu.com/spotlight/kbnapier>

Costs: We pay for all ministry costs ourselves. As K B Napier is now retired (since being forced out of his job by homosexual activists in 2005), this cost is high and gifts to him personally are always appreciated. These are usually diverted to the ministry when required anyway, to add to his own contributions.

Postage shown is for the UK only, but most of our work is done by website or email. Costs of postage to both the UK and other countries are additional.

PUBLICATIONS' LIST

This is updated every time we add a new article, so can sometimes change quickly every month.

Note: Every year, around the world, academic seminars and conferences (a few dozen annually) mention works by K B Napier – some approvingly, and others against! And many of our regular readers are pastors/theologians, who appreciate the fact that we do not compromise and we use straightforward language, so that everyone can understand. This especially applied to the Bible Commentaries written by K B Napier. Churches tend to forward our Beacons and articles to other churches, so the readership of our materials is much wider than first appears!
